

**Use Lace**  
A very new and clever use of lace is a heavy, but open pattern in color over a fabric like velvet, wool or lame in a contrasting color.

**Dress Shirts**  
White dress shirts always make a good background for matching ties and belts and help complete the well-groomed look.

**Birthday**  
Among the recent celebrants at The Pen and Quill in Manhattan Beach recently were Mr. and Mrs. William E. Carey of Hollywood Riviera, who observed her birthday by dining with Mrs. Harold Dillman of Man-

**Necklaces**  
Slinky sheaths for evening often feature a "built-in" necklace of the ornate bib type.

Announcing the 1961 Ford...  
Beautifully proportioned to the

CLASSIC  
FORD  
LOOK

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per L'Alta Moda Italiana, to the 1961 Ford for functional expression of classic beauty.

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you... and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. Good-bye grease racks! What's more, it cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford... beautifully proportioned to the Classic Ford Look... beautifully built to take care of itself.

**HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF**  
**LUBRICATES ITSELF.** You'll normally go 30,000 miles without a chassis lubrication.  
**CLEANS ITS OWN OIL.** You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.  
**ADJUSTS ITS OWN BRAKES.** New Truck Size brakes adjust themselves automatically.  
**GUARDS ITS OWN MUFFLER.** Ford mufflers are double-wrapped and aluminumized—normally will last three times as long as ordinary mufflers.  
**PROTECTS ITS OWN BODY.** All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.  
**TAKES CARE OF ITS OWN FINISH.** New Diamond Lustre Finish never needs wax.

TENDER CARE... Mrs. Agnes Tsuchiyama, Visiting Nurse, helps Mrs. Willene Cyre, 213 E. 227th St., Torrance, with feeding tips for two-months-old Tonya Sue Cyre during one of her visits to the Cyre home. Mrs.

Tsuchiyama is one of the six nurses assigned to this area by the Visiting Nurses Assn. of Los Angeles, a Community Chest sponsored agency.

Community Chest Agency

Visiting Nurses Lend Hand In Many Torrance Homes

Between 150 and 200 visits to Torrance homes are made every month by nurses of the Visiting Nurse Association. Persons in these homes—the acutely ill, the convalescing, the newborn and mother, the aged and chronically ill and accident victims—all receive skilled nursing care in the home offered by this Community Chest-supported agency. According to Miss Nancy Bessire, R.N. supervisor of the Harbor Area Visiting Nurse office, six registered nurses with training in public health nursing, one licensed vocational nurse, and one registered physical therapist are assigned to this area that includes Westchester, Inglewood, Lawndale, Hawthorne, and the

entire Harbor area, excluding Manhattan, Hermosa and Redondo Beaches, and Long Beach.

The visiting Nurse Association, Miss Bessire states, may make a first call to evaluate the need for essential nursing or physical therapy.

The patient then must be under the care of a regularly licensed physician and in need of care in the home. Anyone, she adds, may request service, a doctor, a neighbor or a friend.

Fees are based upon the ability of the patient to pay, with Community Chest funds making up any difference, if necessary.

There was little VNA service for Harbor Area residents before the establishment of the first office, in Torrance, in 1955. In 1958 the office moved to its present location, 4537 Redondo Beach Blvd., Lawndale, to be nearer the population center since the inclusion of the Centinela Valley area.

In April, 1960, the El Segundo Community Chest contracted for some nursing service for residents of that community, this further increasing the

area to be served. As part of the Visiting Nurse Association of Los Angeles, Inc., the Harbor Area is represented on the board of directors by William Daniels, hospital administrator, Hawthorne Community Hospital.

Fur Added To White Coats

Handsome white coats, which appeared so importantly last spring, come into the fall picture with letters of credit and distinction, thanks to dividends offered by their smart fur trims.

White coats are taking to large and small colors of leopard. White are also inviting rich, deep hued mink; black fluffy fox, and other luxurious furs!

This fall, white is right, and especially correct when teamed with accents of fabulous furs!

Catalina Stay

Mr. and Mrs. Walter Schomburg, 1376 West 211 St., spent last weekend with a group of friends in Catalina. They stayed at the Atwater Hotel in Avalon and enjoyed the available sightseeing attractions.

Lithe, Light Look in Men Shoe Array

Dominating men's footwear this fall, is the continental touch, with slim, graceful lines, but with greater body and durability, due to the lightweight but rugged leather soles and uppers... notes the Shoe Fashion Service of Leather Industries of America.

Moderately tapered uppers are set close to the flexible leather sole and trimmed to the shape of the upper. The highlights feature a practical shock-absorbing leather sole that cushions the foot through a day's standing and walking.

The high rising, tapered toe look may be either rounded or squared off at the tip. The taper ranges from very slight to extreme, almost pointed in some styles. This shape combined with soft leather construction, gives the foot maximum toe room and a trim elegant look most wanted today.

Men's slip-ons and blucher oxfords will come in burnished brown and olive, that will prove very popular this fall. They'll wear handsomely with all fall fashions.

Perennially popular black, in smooth or light grained leathers, will be available in many styles for dress or casual wear. Also new are brown shoes with touches of black, such as black piping along the top, black leather welt, and black laces.

Light and heavily grained leathers are for casual shoes and the smoother leathers for the continental look.

Of special interest is the new group of chukka or desert boots in smooth or brushed leathers with rugged but supple leather soles. Ankle high boots are hard-wearing and give much needed firm ankle support. Porous leather construction will enable the feet to "breathe" the air they need after the weather turns cold.

Entertains Bridge Club

Mrs. John Melville entertained her bridge club Thursday at her home, 1512 El Prado.

After the serving of a delicious luncheon, the afternoon was spent playing bridge, with the prize for high score going to Mrs. E. L. Cook.

Mrs. Melville's guests were Mmes. Delbert Thomsen, W. C. Boswell, M. B. Millar, Paul Lorange, Dean Sears, and M. A. Bauman.

Mrs. Thomsen will be the hostess at the group's next meeting.

Afternoon Bridge

Mrs. Louis Fucci was hostess to a group of neighborhood women recently when she hosted an afternoon of bridge in her home on Sharynne Lane.

Winning the prize for high score was Mrs. W. Smith, a new neighbor who has just moved here from Palo Alto. Others playing were Mmes. Art Cunningham, Pal Hogan, Ed Olsen, Howard Hood, Jim McDonald, and the hostess.

COMPARE

Comparison Proves HOME SAVINGS AMERICA'S LARGEST & STRONGEST Is Your Best Place To Save

ASSETS OVER \$3/4 BILLION

- FIRST IN SIZE**  
Assets of Home are by far the largest of any state or federal chartered association anywhere in America. A New All-Time National Record.
